The AquaSnap® 30RB chiller is an effective all-in-one package that is easy to install and easy to own. The chiller costs less to purchase and install and then operates quietly and efficiently. Value-added features include rotary scroll compression, Puron® refrigerant (R-410A), a quiet AeroAcoustic™ fan system, easy to use ComfortLink™ controls, microchannel condenser coil technology, optional integrated hydronic pump package (with or without VFD), optional desuperheater, and optional high-efficiency variable condenser fans (Greenspeed® intelligence). Greenspeed intelligence results in best-in-class part-load efficiency with quiet part-load operation. Aircooled chillers within the scope of the ACCL certification program are certified in accordance with the AHRI Air-Cooled Water-Chilling Packages Certification Program, which is based on AHRI Standard 550/590 (I-P) and AHRI Standard 551/591 (SI). Certified units may be found in the AHRI Directory at [www.ahrirectory.org](http://www.ahrirectory.org). Productos Relacionados
